## MORE ABOUT CAMPUS

Campus offers a research-based curriculum taught by high-caliber instructors. Campus will prepare girls to consider careers in technology, expose them to role models in STEM fields, and introduce them to the national Girls Who Code alumni network of ambitious, creative young women.

Find course descriptions, registration options, and scholarship details at [www.girlswhocode.com/campus](http://www.girlswhocode.com/campus) or email [campus@girlswhocode.com](mailto:campus@girlswhocode.com).
